

# KEY STEPS TO SAFER CAMPUSES

## MINIMIZE POINTS OF ENTRY

- Ensure all exterior doors remain locked at all times
- Install credentials-based access control to prevent unauthorized entry
- Use automatic re-locking mechanisms

# 1

# 2

## ENHANCE MAIN ENTRANCE SECURITY

- Deploy AI-powered weapon detection for discreet screening
- Utilize security cameras with analytics to monitor activity
- Train staff to recognize behavioral warning signs

# 3

## LEVERAGE TECHNOLOGY FOR EMERGENCY RESPONSE

- Automated lockdowns to contain threats
- Emergency notifications for real-time guidance to students & staff
- Live video feeds to police for quicker, informed responses

# 4

## CREATE A CULTURE OF SAFETY

- Conduct realistic safety drills with first responders
- Regularly assess and update security measures
- Ingrain security as a core value, not just a compliance task

Schools must proactively adopt security measures, leverage technology, and foster a safety-first culture to protect students and staff effectively.
