

Prepaid Service Plan

Flexible service funding with simplified billing and built-in savings.

The Tech Electronics Prepaid Service Plan gives organizations a simple, flexible way to manage ongoing service needs while improving budget visibility and reducing service costs.

Prepaid funds never expire and can be applied toward eligible Tech Electronics payments as needed.

How it Works:

Sign a Simple Agreement: Enroll through a streamlined 1-page prepaid service contract.

Fund the Account: Prepaid deposits establish available service credit and unlock discount opportunities.

Use Funds as Needed: Available funds are applied toward eligible Tech Electronics service invoices, with monthly balance statements provided for visibility.

Savings that Scale:

Discounts range from 10%–30% based on prepaid funding level.

Flexible Use of Funds

Use prepaid funds for service-related needs

Discounts Beyond Labor

Discounts apply to the total service invoice, including labor, material, trips, and other eligible service costs.

Budget-Friendly Planning

Plan ahead for service expenses while maintaining flexibility throughout the budget cycle.

Improved Visibility

Receive monthly statements showing current available balance and account activity.

Simple Contract & Billing

A streamlined 1-page agreement and simplified account management make ongoing service easier to manage.
